## English Camp in Latvia

Here are some pictures from English camp that was held in Madona, Latvia with a team of eight folks from Calvin Presbyterian. Dates of the camp were July 25-29. Before camp started someone shared the wonderful news that all the Latvian staff helpers this year had become believers and started going to church since they themselves first came to camp two or three years ago....what a blessing to know that God has done work in these people's lives through the teaching English ministry of Calvin since 2014 in Madona.

Working with the kids when they arrive to determine their placement in each class level.

Camp Director Diks Bortnikovs (right) and Skip Rung (left) share some good times.

Listening, listening, listening...

Some dancing fun to help get the wiggles out!

Here the staff are presenting a skit on "Perseverance."

The last picture is Daniela who has come to all three camps in Madona. She has become special to me and I pray for her spiritual growth.

Please continue to pray for all those who came to the camp.

Blessings to all of you.

Paula
